

work Table conveyor

Equipment Data Sheet

Model: EWT-100
Frame Style: Extruded aluminum frame with painted vanity panels
Description: Designed to work / inspect PCB and transfer it to next process.

Standard Features:

- PCB Size: 50 x 50 – 530 x 460
- Programmable Logic Controller
- Speed controllable: 0 – 194 mm/sec
- Hand crank width adjusting
- Overhead light and components bin tray
- Left to right travel, front rail fixed
- Conforms to SMEMA Spec. 1.2

Options:

- ESD grounding receptacles
- Touch screen of operating panel
- Auto or Semi-auto width adjust
- 3 color Tower lamp with audible alarm
- Length : 1,2, or 3M

Facilities Requirements:

Electrical:	AC220V 50-60Hz 1 Phase
Conveyor height	900mm+/-30mm / 950mm+/-30mm
Air:	5 kgf/cm ²
Power consumption	Max. 200W, 1A

Manufactured Exclusively by EUNIL
